Planning Process

Projects / SDET-team-3-final-project

ST3FP Sprint 0

Plan out the basic project structure/methodology

Epic

TO DO 2 ISSUES

As a developer, I need an ER Diagram, so that I can view how the database structure is composed

ST3FP-11

As a developer, I need an initial UML diagram, so that I can have an overview of the whole structure

ST3FP-12

IN PROGRESS 3 ISSUES

As a developer, I want to read and understand the specification of the project so that I know what I am working towards

ST3FP-1

As a developer, I want to create stories in preparation for the first spring so that when the sprint starts we do not need to waste time planning/documenting

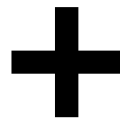

ST3FP-2

As a developer, I need a risk assessment plan, so that I can have an overview of the risks I can encounter

ST3FP-10

ST3FP Sprint 2

DI MC LC + Epic ▾ Label ▾

TO DO 9 ISSUES

As a developer, I need to produce documentation, so that I can document all the work

DOCUMENTATION

ST3FP-99

As a developer, I need to amend the md file of the repository, so that people who look at it knows what the repo is about

DOCUMENTATION

ST3FP-100

As a user, I want to be able to read one track, so that i can get more details about it.

HOME

ST3FP-73

As a user, I want to be able to read one artist, so that I can view their details and what album they composed

HOME

ST3FP-72

IN PROGRESS 1 ISSUE

As a developer, I want to carry out non-functional testing on my system so that I can ensure the system is operational under stressful circumstances, know the limits of operation, and move to fix any issues

TESTING

ST3FP-48

DONE 25 ISSUES ✓

As a developer, I want to implement testing on my session elements to ensure they operate and meet criteria

TESTING

ST3FP-101

As a user, I need to have a login page. So that I can make use of the CRUD functionalities.

PAGES LoginPage

ST3FP-8

As a visitor, I need to have a Signup page, so that I can register and have accessibility of CRUD functionalities.

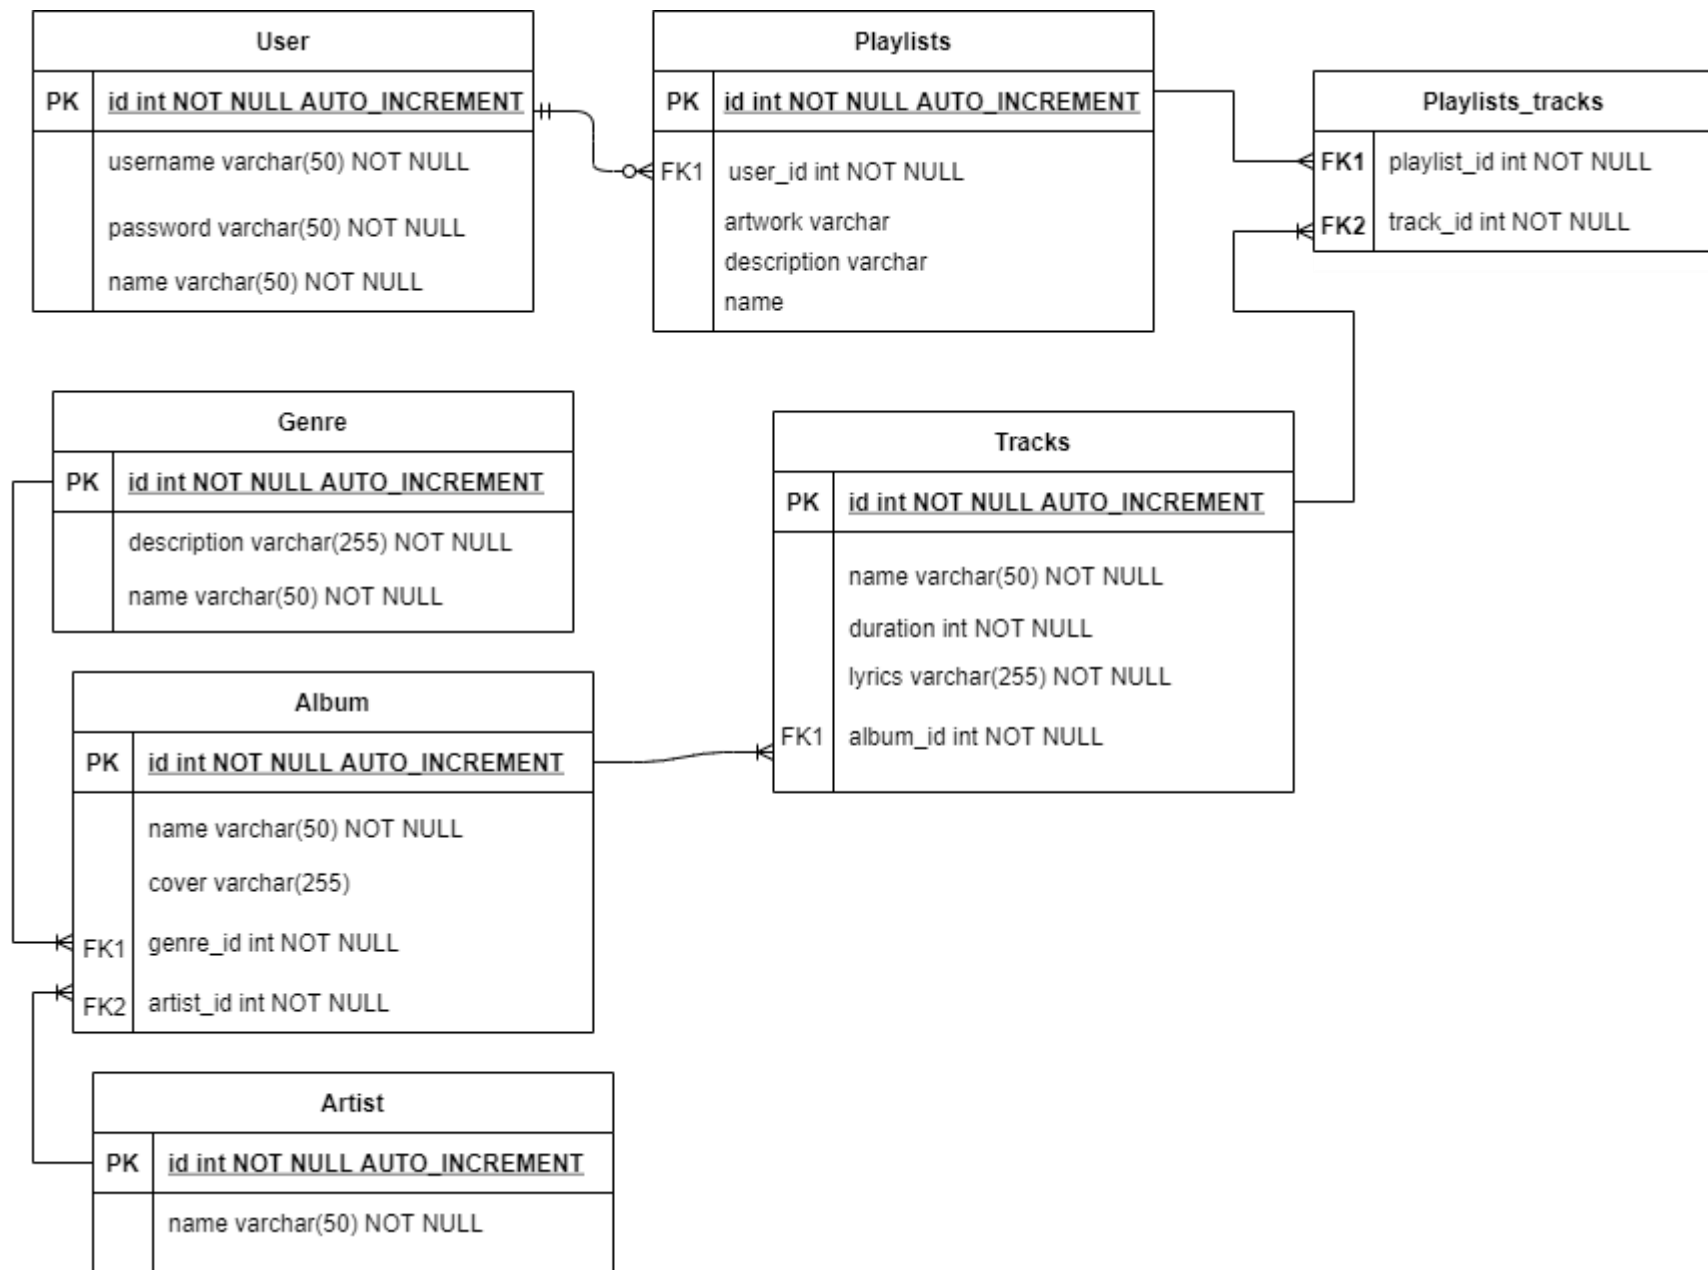

PAGES Signup

ST3FP-15

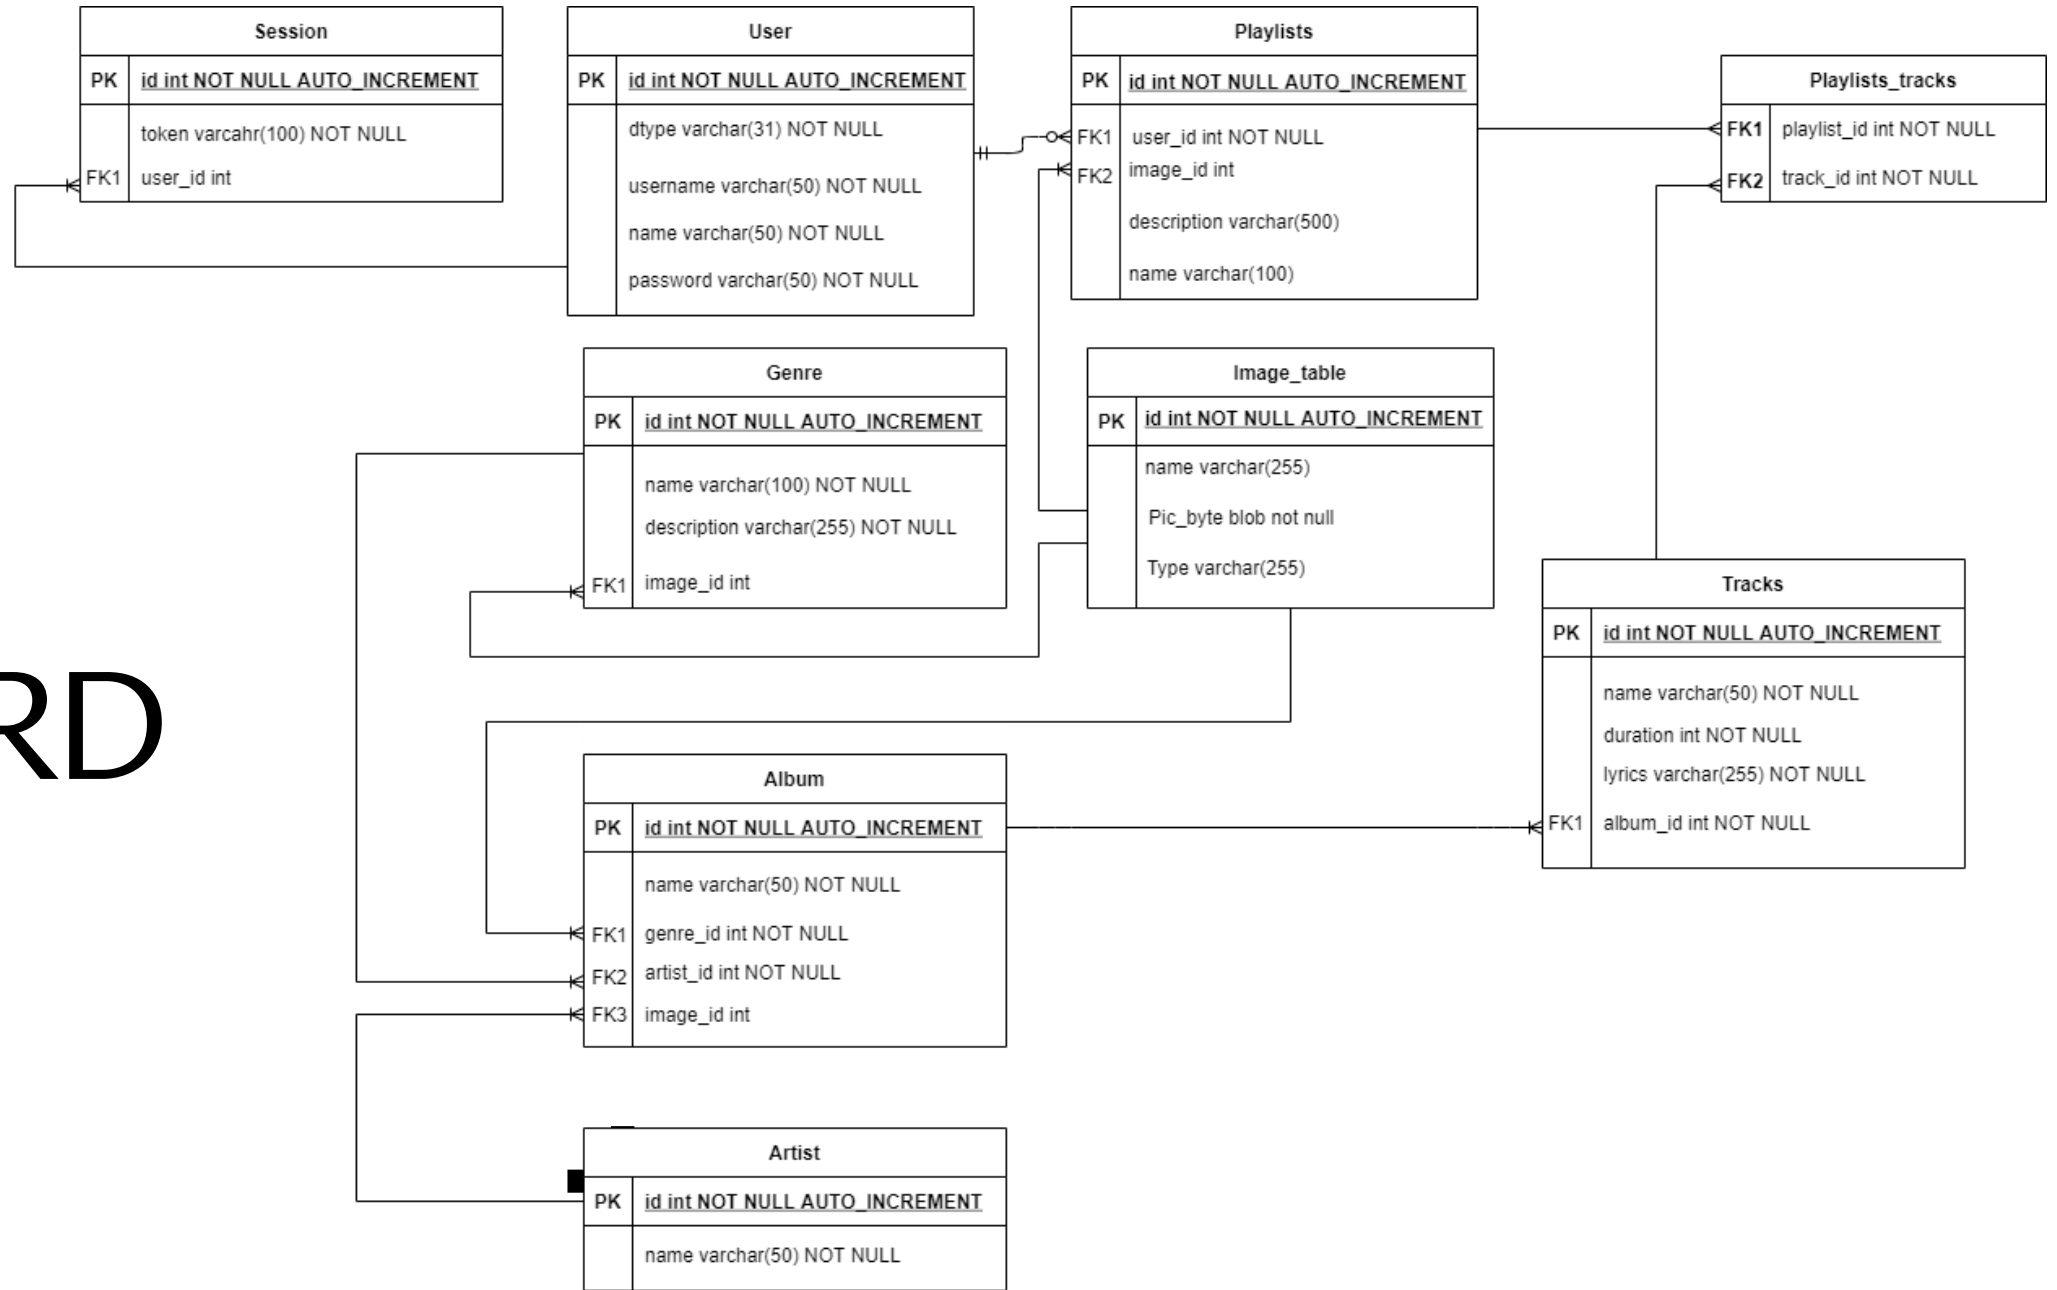

As a developer, I want to resolve any issues in my current user acceptance tests so that I can correctly carry out those tests
